Kier Construction Western & Wales

Bishopston Comprehensive School

ISSUE 06

We at Kier Construction are delighted to have been appointed by Swansea Council for the new extension and remodelling of Bishopston Comprehensive School, The Glebe, Bishopston, Swansea.

Construction Update

Kier have recently handed over Phase 2, which comprised the newly refurbished maths block, the remodelled administrative offices and the new build reception area. In addition, the external frontage of the school has undergone a significant makeover to incorporate new paving and rain gardens.

Jeff Bird, the school's Headteacher, commented: *"The new reception area is terrific, providing a much safer and more welcoming entrance to the school for pupils and visitors alike. The staff are very pleased with their office accommodation, which is spacious and bright. We also have new meeting spaces that will be fantastic for parent and visitor appointments."*

What's next?

Going forward, the school summer holiday period will be particularly busy for us as we can take advantage of the fact that the school will be closed. This will cause less disruption to the school staff and pupils.

Phase 3 works have begun, which involves remodelling and upgrading the English and Welsh classrooms.

Our summer holiday work schedule will include the completion of the re-roofing to the remainder of the school.

We will also make a start on the work to the kitchen and the small hall which is scheduled to take place over the summer holiday periods of 2021 & 2022.

Community Engagement

Kier met with the volunteers of The Lamplighter to offer help and support if The Lamplighter moves from its current location. Kier will support the Community with offering labour support to get the new premises ready to open up the public.

Kier's commitment to the Bishopston community will continue during the Summer months where we will decorate the nursery classroom and some areas of the sensory room for the local primary school. Gareth Killa and Alison Rees met with the headteacher, Mr Owen, and agreed that the work will be completed in time for the pupils to return in September.

Pump Park Planning Application Update

As part of Kier Social Value commitment, we have offered support to the team from the Bishopston Skatepark Project on completing the planning application.

The project next steps will be to start the planning process to get the design approved by Swansea Council, we will offer advice and are delighted to offer help.

We will update you in the coming weeks when the application is live so you can support the application & leave positive comments.

Kier would like to wish all the staff and pupils of both schools a happy and safe holiday. We look forward to seeing you all in September.

Meet the team....

Kier Construction Cymru a'r Gorllewin

Ysgol Gyfun Llandeilo Ferwallt

RHIFYN 06

Mae Kier Construction wrth ein bodd i gael ein penodi gan Gyngor Abertawe i adeiladu estyniad newydd ac ailfodelu Ysgol Gyfun Llandeilo Ferwallt, Y Glebe, Llandeilo Ferwallt, Abertawe.

Newyddion am y Gwaith

Mae Kier wedi trosglwyddo Cam 2, sy'n cynnwys bloc mathemateg newydd, swyddfeydd gweinyddol wedi eu hailfodelu a derbynfa mewn rhan newydd o'r adeilad. Yn ogystal, mae blaen yr ysgol wedi cael ei ailwampio'n sylweddol i ymgorffori cerrig pafin newydd a gerddi glaw.

Dywedodd Jeff Bird, Pennaeth yr ysgol: *"Mae'r dderbynfa newydd yn fendigedig. Mae'n cynnig mynedfa fwy diogel a chroesawgar o lawer i ddisgyblion ac ymwelwyr fel ei gilydd. Mae'r staff yn fodlon iawn ar eu swyddfeydd, sy'n eang ac yn olau. Mae gennym ystafelloedd cyfarfod newydd hefyd, a bydd y rhain yn wych i gynnal apwyntiadau i rieni ac ymwelwyr."*

Beth nesaf?

Wrth edrych tua'r dyfodol, bydd gwyliau haf yr ysgol yn gyfnod prysur dros ben i ni am y gallwn fanteisio ar y ffaith fod yr ysgol ar gau. Mae hynny'n golygu na fydd ein gwaith yn tarfu ar staff a disgyblion.

Mae gwaith wedi dechrau ar Gam 3, sy'n cynnwys ailfodelu ac uwchraddio'r ystafelloedd dosbarth Cymraeg a Saesneg.

Bydd amserlen gwyliau'r haf yn cynnwys cwblhau'r gwaith o osod to newydd ar weddill yr ysgol.

Byddwn ni'n dechrau'r gwaith sydd i fod i ddigwydd dros wyliau haf 2021 a 2022 ar y gegin a'r neuadd fach dros yr haf hefyd.

Mae'r gwaith ar sylfeini estyniad newydd y dderbynfa'n parhau, a bwriedir codi'r ffrâm ddur newydd ar gyfer yr ardal hon ganol Chwefror.

Cysylltu â'r Gymuned

Cafodd Kier gyfarfod â gwirfoddolwyr The Lamplighter i gynnig cymorth a chefnogaeth iddynt os bydd The Lamplighter yn symud o'i leoliad presennol. Bydd Kier yn cynorthwyo'r Gymuned trwy gynnig cymorth llafur i baratoi'r safle newydd i agor i'r cyhoedd.

Bydd ymrwymiad Kier i gymuned Llandeilo Ferwallt yn parhau dros fisoedd yr haf wrth i ni addurno ystafell ddosbarth y feithrinfa a rhai rhannau o ystafell synhwyraidd yr ysgol gynradd leol. Cafodd Gareth Killa ac Alison Rees gyfarfod â'r pennaeth, Mr Owen, a chytunwyd y bydd y gwaith yn cael ei gwblhau mewn pryd i'r disgyblion ddychwelyd ym mis Medi.

Newyddion am y Cais Cynllunio am Barc Pympio

Yn rhan o ymrwymiad Gwerth Cymdeithasol Kier, rydyn ni wedi cynnig cymorth i dîm Prosiect Parc Sglefrio Llandeilo Ferwallt ar baratoi'r cais cynllunio.

Y camau nesaf yn y prosiect fydd dechrau'r broses gynllunio er mwyn cael sêl bendith Cyngor Abertawe i'r dyluniad. Byddwn ni'n cynnig cyngor ac rydyn ni wrth ein boddau i helpu.

Byddwn ni'n eich diweddaru yn yr wythnosau nesaf pan fydd y cais yn fyw fel y gallwch helpu gyda'r cais a chyflwyno sylwadau cadarnhaol.

Hoffai Kier ddymuno gwyliau braf a diogel i staff a disgyblion y ddwy ysgol. Gan edrych ymlaen at eich gweld chi i gyd ym mis Medi.
