O.S. 1:10000 Sheet No:-	SS 69 SW
CADW Reference No:-	11756
C & C of S Reference No:-	LB:198

Notes:-

Near junction with De La Beche Road, parallel to road behind small forecourt.

Former school with attached hall to rear. School dated 1853; attached hall circa 1930. School by Henry Woodyer, architect, of London and Guildford. Distinctive symmetrical Victorian Gothic composition.

One-and-a-half storey centre with one-storey gabled wings. Sneked rubble masonry with roughly dressed quoins, freestone tracery. Steep red-tiled roofs with oversailing eaves, central pyramidal fleche flanked by stone chimneys. Two window centre with swept dormer heads, triple-cusped timber lights, heraldic datestone in trefoil recess. Lean-to tiled loggia with 5 bay timber arcade, 3-light mullioned windows and paired, boarded Gothic doors under. Outer gables with 2-light stone mullioned and transomed windows with cusped heads (shouldered below transom) grouped under pointed hoodmoulds. Three window buttressed side elevations (two storeys to downhill side). Gablets to out roof slopes.

To rear attached parallel roughcast range (exposed dressings to windows etc., some banding and stringcourses; most windows and doors boarded over at time of inspection. Two storeys, gable has small round headed louvred window. Two-storey central bay with broad upper window and arched doorway with stepped shallow porch; broad window on each floor to sides of bay. Range connects to former school by two storey window with 3 small windows to each floor.
