Gate piers and railings. Rock faced brown stone low walls with sandstone ashlar copings and spearhead iron railings with horseshoe motif under top rail between each pair of rails. Rails in front of the chapel curve in to two stone gate piers with sandstone pyramid caps and have two similar piers at each end. The rails are continued in similar style a short length to right and in front of schoolroom to left, out to simple outer piers. In front of schoolroom are incorporated two earlier tooled stone piers with simpler caps. Chapel and schoolroom gates are similar, with spearhead dog bars, horseshoes under top rail, no top spearheads but scrolls ramped up to meeting stiles.
